## Fundraising for Red Nose Day

The boys in Reception and children in Treetops had great fun on Red Nose Day. They came into school wearing something red and they all brought in a contribution. The boys in Reception have been talking this week about how the money raised is spent. The boys were keen to raise funds for people not as fortunate as themselves. Well done everyone and thank you parents! Mrs Phillips, Class RC.

Forest school News

Class RC will attend Forest School on  
Monday 27th March.

RG went to Forest School this week. The boys had a lovely time balancing on logs, hiding in dens and exploring nature with blindfolds on!

Mrs Greenash, Class RG

## Special Days and Super Science!

This week in the Pavilion, the children have been very busy preparing for a special day coming up this weekend! You may have already noticed that there has been lots of paint and glitter involved but that is all we can reveal for now! Happy Mother's Day.

One of the words that came up when learning phonic sound 'f' was float. This led to some science experiments about whether objects would float or sink. The children made predictions then had lots of fun testing their theories. They made interesting discoveries that led to lots of further investigations and experiments. We certainly have lots of future scientists amongst us.

## TREETOPS NEWS

Dear Parents

### Good News Story

We have three new members of staff joining us at Treetops. On Monday 27th March Mrs Khera and Mrs Devitt will both be starting at the Pavilion. Mrs Mukherjee will take up her post on Monday 3rd April. We look forward to welcoming them all to Treetops Nursery.

Mrs Carole Finch  
Head of Nursery

This weeks Talk Homework:- You have the chance to meet Willie Wonka. What new sweet would you design? What would it taste like? Do? etc..
