

Cumnor House School and Nursery

Able, Gifted and Talented Policy

September 2017

1.0 Introduction

- 1.1 We believe that all children are entitled to an education that will enable them to develop to their full potential, be that intellectual, physical, aesthetic, creative, emotional, spiritual or social. We are committed to providing a stimulating and suitably challenging curriculum for all its students, in the pursuit of the highest academic and pastoral achievements.
- 1.2 All students have individual needs, which puts personalised learning at the heart of our teaching and learning programme. Able, gifted and talented (AG+T) pupils should be given the opportunity to access an optimal breadth and depth of learning; as such we aim to provide opportunities to develop specific skills and talents.

2.0 Definitions

2.1

Able	Students who achieve, or have the ability to achieve, above average in one or more academic areas, including areas outside the main school curriculum. This also includes children who are leaders or role models and who display outstanding leadership and/or social skills.
Gifted	Students with an innate ability, who present a natural, outstanding aptitude or competence for exceptional performance. This is measured in annual Cognitive Ability testing whereby students will display a standardised score of 130+.
Talented	Students who excel in one or more specific fields: <ul style="list-style-type: none"> ▪ Creative and Performing Arts – Art, Design & Technology, Drama, Music; ▪ Physical Education/sporting ability; and/or ▪ Extra-curricular pastimes – e.g. Chess.
Dual Exceptionality	Students who are able, gifted or talented but also subject to a barrier of learning, such as dyslexia, Asperger’s Syndrome, or a physical disability. It is worth remembering that able pupils can also be: <ul style="list-style-type: none"> ▪ of high ability but of low motivation; ▪ of good verbal ability but have poor writing skills; ▪ very able but with a short attention span; ▪ very able with poor social skills; and/or ▪ keen to disguise their abilities.

3.0 Identification of Able, Gifted and Talented

- 3.1 The identification of able, gifted and talented pupils is a process which the whole teaching and support staff participate in, as well as parents, carers and the children themselves.
- 3.2 The identification begins when a child joins the school. The school is keen to understand their achievements and interests in particular areas as they join the school. Discussions with parents and carers will enable us to create the best possible picture of the child, and records of awards and achievements in academic, sporting, musical, artistic and any extra-curricular activities will be helpful in this respect.

- 3.3 Both qualitative and quantitative information is used for identification purposes:
- A programme of formative, summative (internal and external) assessment takes place (see the school Assessment Policy). As described above the annual CAT tests provide teaching staff with evidence of gifted pupils. Progress tests measure pupil performance and enables evidence of working with innate ability to achieve.
 - Department Heads will have an overview of pupils who demonstrate ability in their subjects, and will endeavour to challenge and create opportunities for additional support in that subject. For example, Maths clinics for those who are working towards scholarship exams. The Able, Gifted and Talented pupils will be listed and communicated to all staff.

4.0 Responsibilities

4.1 Teachers:

- Identify the pupils who meet the criteria;
- Use enrichment/extension opportunities appropriately; and
- Identify and address underachievement.

4.2 Heads of Department and Subject Coordinators:

- Prepare subject specific criteria with the AG+T Co-ordinator;
- Inform department staff of these criteria;
- Identify the students which meet the criteria;
- Pass these names on to the AG+T Co-ordinator;
- Provide schemes of work that contain enrichment/extension materials for identified students;
- Ensure that enrichment/extension materials are being used appropriately by staff; and
- Encourage children to enter local and national events and competitions.

4.3 AG+T Co-ordinator/SENDSCO:

- Prepare from prior attainment data a register of the top 10% of each cohort year;
- Gather names of identified students from all areas of the curriculum;
- Categorise this information in a register, circulated to the Senior Leadership Team and all teaching staff;
- Meet with Heads of Department and Heads of School biannually to review provision within departments;
- Prepare courses of action for children who are identified as able in many areas (by agreement with senior management);
- Monitor the provision of AG+T students;
- Evaluate the progress made by AG+T students on an annual basis; and
- Lead/co-ordinate challenge focus groups.
- Monitor schemes of work and ensure that they allow opportunities for enrichment and extension;
- Work with the AG+T Co-ordinator to oversee the process and activity;
- Include items concerning the provision of AG+T children on meeting agendas; and
- Ensure that staff are made aware of opportunities for CPD development in supporting the needs of AG+T children.

5.0 Coordination and monitoring

- 5.1 The Able, Gifted and Talented Register for pupils is coordinated by Emma Edwards, Assistant Head and Head of Learning Support (SENCo). The Register is reviewed on an annual basis, in association with pupil progress, departmental and/or staff meetings. Teachers/Department Heads and the SLT can request an addition to the register at any time throughout the year.

5.2 Talents and abilities emerge at different times due to developmental issues, and as new opportunities arise, therefore, inclusion in the cohort is not permanent. If it is perceived by parties that inclusion is no longer beneficial, pupils may be moved off, either temporarily or permanently. Such changes to the register will be discussed in parallel with the pupil and parents.

5.3 We recognise that some pupils who are able, gifted or talented do not always show their ability. This may arise from learning difficulties such as dyslexia, or personal circumstances. The school aims to work with support programmes and parents to ensure a consistent achievement at the appropriate level for each child.

6.0 Strategies for teaching

6.1 We offer opportunities for able, gifted and talented pupils to thrive through:

- An enriched, stimulating and relevant curriculum;
- Regular reinforcement of high expectations, e.g. with Challenging Questioning (Killer Question);
- Opportunities for pupils to work outside their usual working environment, where possible (e.g. enrichment groups/Quest Club);
- Independent and collaborative learning activities;
- The focus on thinking and study skills, including metacognition;
- Pupils self-assessing and evaluating their own work; and
- Encouraging risk-taking and the experience of setbacks to develop resilience.

7.0 Extension, acceleration and enrichment

7.1 Opportunities to broaden pupils' learning experiences may include:

- Differentiation, where pupils may be grouped according to ability, and differentiated work is built into schemes of work and lesson plans to provide activities requiring extended higher order thinking skills;
- Working on subject matter which would typically be for older pupils to access broader knowledge and develop more sophisticated thinking and reasoning skills. This may be through either giving pupils work which would usually be given to older pupils, or moving pupils up a year group, where practical;
- Enabling a pupil to study aspects of a topic that there would not normally be time to study, or adding extra subjects or specialised calendar events to the curriculum or extra-curricular activities programme; and
- Partnership with other schools or external organisations, for example workshop events, specialised holiday camps, and local, regional and national schemes/competitions.

8.0 NACE (National Association for Able Children in Education)

8.1 We are currently working towards becoming a member of Nace and our aim is to qualify for the NACE Award.

9.0 Success criteria

9.1 The success of this policy is measured by qualitative and quantitative evidence of an individual pupil's progress and the development of the Able, Gifted and Talented Register as a whole. This includes:

- Improved attainment in the areas in which they are able, gifted or talented;
- Increasing active involvement by pupils in assessment of their own progress and target setting;
- Increasing higher level questions being asked by pupils;
- Increasing levels of independent learning, including risk taking in learning; and
- Increasing confidence and improving attitudes to learning.

Able, Gifted and Talented Policy

Ownership and consultation	
Document sponsor (role)	Director of Education
Document author (name)	Robin Davies, ADE
Consultation – May 2017	The following schools were consulted: North Bridge House Canonbury, Breaside Prep School, Hastings School Madrid, Hendon Prep School, Salcombe Prep School, Huddersfield Grammar School, Downsend Epsom Pre-Prep School and El Limonar Villamartin. Education Team representative – Danuta Tomasz, ADE.

Audience	
Audience	Parents and all school staff

Document application and publication	
England	Yes
Wales	Yes
Spain	Yes

Version control	
Implementation date	01.09.2017
Review date	Review and update for implementation in September 2018

Related documentation	Assessment Policy Curriculum Policy EAL Policy SEND Policy Teaching and Learning Policy
